JUNE 2014

# *PlumpJack's Ultimate* **NAPA VALLEY EXPERIENCE**

*A travel package offering insider access  
to Napa's premier wineries.*

**T**he Carneros Inn and the PlumpJack Group have devised a perfect package for wine lovers. "We wanted to offer an opportunity that celebrates everything PlumpJack—from award-winning wines to our innovative cuisine at FARM, and our resort," stresses Hilary Newsom, president of the PlumpJack Group. "Each business in our portfolio focuses on the individual experience, and this package caters to the unique interests of each guest, whether it's the casual comfort of PlumpJack Winery, the striking architectural design of CADE, or our newest LEED-certified winery, Odette Estate, located in the famed Stag's Leap District, which includes a historic 36-acre vineyard and a 5,000-square-foot winery with living roof, solar panels, and 18,000 square feet of caves."

This package includes a one-night stay in a Harvest Cottage at The Carneros Inn, behind-the-scenes tours, tastings for two at PlumpJack Winery, CADE, or Odette, and a six-course tasting menu for two at FARM from Chef de Cuisine Andrew Budnyj, highlighting simple, elegant cuisine utilizing seasonal ingredients from the restaurant's culinary garden. Starting rates for the "PlumpJack Ultimate Napa Valley Experience" begin at \$1,285, plus gratuities. [www.thecarnerosinn.com](http://www.thecarnerosinn.com)
