AMBIANCE

Farm at the Carneros Inn is California chic at its best. This Napa Valley locale is a glorious getaway from the hustle and bustle of San Francisco.

DYNAMITE DISHES

Chef Andrew Budnyj from Ubuntu, Napa's famous but now-closed vegetarian eatery, continues his magic with a stellar menu of deconstructed dishes. The best bet here is

to go for the tasting menu. Highlights are the California Quail and the Crispy Short Rib. Vegetarians will be happy to know that the tasting menu can also be thoughtfully created sans meat.

SWEET TOOTH

The sweet and smooth Brown Butter Panna Cotta will melt in your mouth, but if you're looking for a little kick, try the Spiced Red Velvet Cake.

TOP TIPPLE

While the wine list boasts a lovely selection of varietals from around the world, we recommend Farm's fresh and inventive cocktails like Valt's Kina and the Lavender Kosmos.
